

DONALD H. PFISTER

Harvard University Herbaria Department of
Organismic and Evolutionary Biology
Harvard University
22 Divinity Avenue
Cambridge, Massachusetts 02138
dpfister@oeb.harvard.edu

Place of birth:

Kenton, Ohio

Education and Degrees:

Miami University; Oxford, Ohio A.B. Botany—1967 Cornell
University; Ithaca, New York Ph.D.—1971
Harvard University; Cambridge, Massachusetts M.A. (Honorary)—1980

Present positions:

Asa Gray Professor of Systematic Botany, Harvard University
Curator, Farlow Reference Library and Herbarium of Cryptogamic Botany

Past positions:

2013–2014

Interim Dean, Harvard College

2013–2014

Co-Director, Harvard Herbaria

2008–2014

Dean, Harvard Summer School 2010–

2013

Interim Director, Harvard Herbaria

1983–1995; 2001–2004

Director, Harvard University Herbaria

1982–2000

Master of Kirkland House, Harvard University

1977–1980

Associate Professor, Department of Biology, Harvard University

Associate Curator, Farlow Library and Herbarium

1974–1977

Assistant Professor, Department of Biology, Harvard University

Assistant Curator, Farlow Reference Library and Herbarium

1971–1974

Assistant Professor of Biology and Mycology, Tropical Mycology Laboratory,

Department of Biology, University of Puerto Rico, Mayaguez, Puerto Rico

Graduate advisor:

Richard P. Korf, Cornell University

Graduate Students and Post-Doctoral Fellows:

Undergraduate thesis supervised: Peter Havens (isozymes in Mucorales), Betty Gilbert (Evolution of mycorrhizae), Sylvia Yang (mycorrhizal relationships of *Monotropa*), John Denton (life history studies in *Helicosporidium*), Michael Barron (mycorrhizae in wild and cultivated tomato), Valentina Rodríguez (predaceous Orbiliomycetes), Tristan Wang (Herpomyces on cockroaches)

Masters students in Harvard University Continuing Education supervised: Elizabeth Kneiper (Boston lichen flora), Anna M. Reid (A biography of Edward Tuckerman—the early years), Barbara Seegraber (treatments for control of grain smuts, 1987), Robert Polumbo (lichen colonization, 1993), Linda Berard (Substrate pH levels and occurrence of *Nectria parmeliae*, 1994), Bradford James (phylogenetic analysis of ascomycetes, 1994), Douglas Stickle (Edge effects in lichen communities, 2000), Kelly Heffernan (area effects on lichen distributions, 2001), John Rayts (lichen chlorophyll degradation and vehicle emissions, 2001), James O'Donnell (lichens as indicators, 2002), Caroline Slater (phylogenetic investigations in the *Chorioactis* clade, 2005), Andrew Janjagian (simplified methods for mushroom cultivation, 2010), Judith Meskill (Contextualizing the Economic Botany Collection), 2003

Ph.D. students supervised: Samuel Hammer (*Cladonia* in the western U.S., 1993), Karen Hansen (University of Copenhagen, Phylogeny of the Pezizaceae, 2000), Zhihong Zhong (Systematic studies of the Geoglossaceae, masters only), Brian Perry (Phylogenetics of the Pyronemataceae, 2006), David Hewitt (*Neolecta*, fungal development, fungal ecology, comparative genomics, 2007), Kristin Peterson (Biogeography and evolution of *Cytarria*, 2008), Danny Haelewater (*Hesperomyces*, Laboulbeniales, 2018), James Mitchell (Physics, 2017 -), Jason Karakehian (Rhytismatales, 2018 -).

Visiting graduate students: Nousheen Yousaf (Gasteromycetes of Pakistan, 2014), Chang-lin Zhao (Polyporaceae, 2014-2015), Ishtiaq Ahmad (Agaricale, Pakistan, 2015-2016), Shah Hussain (Agaricales, Pakistan, 2015), Malka Saba (Mycorrhizal Fungi, Pakistan, 2015), Sana Jabeen (Mycorrhizal Fungi, Pakistan).

Postdoctoral Fellows: Roy Halling (Agaricales and hypogeous basidiomycetes), Timothy Baroni (Agaricales), Martha Sherwood (Ostropales and Phacidiales), Sharon Gowan (lichens), F. A. Harrington (Discomycetes), Richard Weinstein (Discomycetes), Karen Hansen (Disco- mycetes), Kathryn LoBoglio (Orbiliaceae and other topics), Matthew E. Smith (Orbiliaceae and hypogeous members of the Pezizales) 2009, J-Y Choi (*Scutellinia* and related genera) 2010- 2011, Bin Liu (Orbiliomycetes) 2011, Zaiwei Ge (Agaricales) 2009, Fung Xi (Genus *Wynnea*) 2011-2012/2014-2015, Yuan (Polyporaceae) 2013-2014, Rosanne Healy, (Hypogeous Pezizales, Orbiliaceae) 2013-2015, Luis Quijada 2017-2019.

Field and Research Experience:

Fungi in Southern Chile, 2008, 2010, 2016, 2018.

Diversity of fungi and forests, Iceland, 2004, 2007.

Fungal diversity in the Dominican Republic, 2002.

Neotropical Field Studies. Puerto Rico, Dominica, Dominican Republic, Haiti, Jamaica, Venezuela. 1970-1974, 1996.

Asian Field Studies: China 1990; 1995; Thailand, 1997.

Visiting Professor. University of Minnesota Field Station. Summer 1979.
Independent Investigator at Royal Botanic Garden, Kew and at the British Museum (Natural History). Summer and Fall 1986.
Various collecting trips in North America, particularly in the Northeast.
NSF Undergraduate Research Participation Program, Research in Soil Microbiology, Cornell University. 1966.
University of Michigan Biological Station. Summers. 1967 and 1969.

Current Research and interests:

Monographic, Biogeographic, and Systematic Studies of Ascomycota, Pezizomycetes, Leotiomycetes, Orbiliomycetes, and Laboulbeniomycetes.
History of Mycology and Bibliographic Documentation.
Fungi of Southern South America.

Curatorial, Administrative, and Service Activities:

General Supervision of the Staff of the Farlow Library and Herbarium.
Farlow Herbarium Administrative Committee. 1975–1980.
Commission of Inquiry, Faculty of Arts and Sciences, 1977–1979.
Director of the Harvard University Herbaria and Libraries including budget planning and personnel policy. General supervision of the collections. Chairman and member of various search committees in the Department of Organismic and Evolutionary Biology.
Harvard-Radcliffe Faculty Admissions Committee, 1982–1987.
Master of Kirkland House, 1982–2000.
Harvard Faculty of Arts and Science Committee on Non-Departmental Instruction, 1982–1992.
Library Committee, Faculty of Arts and Science, 1988–1992.
Graduate Committee, Department of Organismic and Evolutionary Biology, 1988–1995.
Member of the Faculty of Arts and Sciences Faculty Council and member of the Docket Committee, 1994–1997.
Parliamentarian, Faculty of Arts and Sciences, 1997–1998.
Member, Administrative Board of Continuing Education, Harvard University, 1998–2013.
Member, Library Digital Initiative grant review committee, Harvard University Library, 1998–2004; Chair of the review committee, 2000–2004.
Member of the Harvard College Committee on Advising and Counseling, 1996–2000, 2004–2009; Co-Chair, 2006–2007, Chair, 2007–2009.
Harvard Foundation for Intercultural and Race Relations, 2000–2013.
David Rockefeller Center for Latin American Studies, Policy Committee, 2003–present Member, Advisory committee in Museum Studies, Harvard University Extension School, 2005–present.
Member Harvard College, Administrative Board, Fall 2005

Member, Undergraduate and Graduate Fellowships Review Committee, David Rockefeller Center for Latin American Studies, April 2005, 2006
Faculty Chair of the Harvard University Committee for the endorsement of Rhodes Scholarship applications, 2006–2010.
Faculty Chair of the Harvard University Committee for the endorsement of Marshall Scholarship applications, 2006–2010.
Various House review committees, 2005, 2007.
Faculty of Arts and Sciences Educational Policy Committee, 2007–2008.
Committee to Review the Administrative Board of Harvard College, Chair, 2008–2009.
Member of the Steering Committee on Harvard House Renewal and Chair of the Subcommittee on House Life, 2008–2009.
Member of the Harvard College Committee on Study Abroad, 2008–2014.
Member House Renewal Committees, planning and facilities, 2011–2014.
Faculty Chair, Executive Board Harvard Museum of Science and Culture, 2014 – present. Faculty Chair, University Committee on Title IX, 2015 – present.

Teaching:

General Biology, Lectures and Laboratories. Two semester course. University of Puerto Rico. 1971–1974.

General and Advanced Mycology, Lectures and Laboratories. University of Puerto Rico. 1971–1974.

Mycology Summer Short Course, Dartmouth College. Sponsored by the North American Mycological Association. 1975.

Diversity in the Plant Kingdom (Biol. 18). Harvard University. 1974–1987.

Botany (Biol. SIA). Harvard University Summer School. 1977, 1978.

Biology of Fungi. (Biol. 143) Harvard University & Harvard Extension. 1974–2000.

Lectures on Ascomycetes. University of Copenhagen Field Station. October 1979. **Field mycology**. University of Minnesota Field Biology Program. 1980.

Biology of non-vascular autotrophs and fungi (Biol. 113). Harvard University. 1987–1995.

Eagle Hills Seminars offered by the Humboldt Field Research Institute in Stueben, Maine are one week intensive courses designed for amateurs and professionals. Over a period of years I have offered Seminars on various advanced topics in mycology.

The Biology of Trees and Forests (Science B-40). Harvard University Core Program. 1990–2011. Now as General Education Science of Living Systems 25 (with Andrew Richardson).

Trees Forests and Climate Change (Science of Living Systems 25. 2012 to present (with Andrew Richardson)

Special topics in Botany, Harvard University Extension School 1995 to present. These include identification courses of lichen, lichens and air-pollution, fungi and their interactions with other organisms.

Plants and human affairs. (OEB 104) 2003, 2005–present (as OEB 59 with Charles

Davis).

Biology of fungi. A graduate course (OEB 224) 2000–2004 .

Biology of the fungi (OEB 54) 2006–present.

Americans explore (Freshman seminar) 2007.

Professional Committees and Offices:

Historian, Mycological Society of America, 1998–2003. Member,

Editorial Board, Mycotaxon, 1997–2007, chair 2007. President,

Mycological Society of America, 1995–1996.

Member of the Council (Councilor East) Mycological Society of America, 1977, 1978.

Editorial Board–Rhodora, 1976–1981.

Editor of the Mycological Society of America Newsletter, 1979–1982.

Secretary of the Mycological Society of America, 1988–1991.

National Science Foundation Panels, 2005, 2006.

Grants:

University of Puerto Rico Faculty Research Grant, "Floristic and Monographic Studies of Caribbean Discomycetes," 1972–1973.

National Science Foundation, "Floristic and Monographic Studies of Caribbean Discomycetes," 1973–1975.

Clark Fund, Harvard College, "Study of the Mycological Collection of N. T. Patouillard," 1975–1977, 1978–1980.

Harvard Graduate Society, "Studies of Early Mycological Literature," 1977–1979.

American Philosophical Society, "Studies on the Discomycetes Genus *Mediolaria*," 1975–1976.

National Science Foundation, "North American Pezizales," 1981–1984.

National Science Foundation, "Support of Harvard Botanical Collections," 1983–1985.

National Science Foundation, "Support of Harvard Botanical Collections," 1986–1988, 1988–1991, 1992–1994.

National Science Foundation, "An Inventory of the Mycological Literature between 1753 and 1821," 1985–1988.

National Museum Act, Smithsonian Institution, "Herbarium Intern," 1986, 1987. Marion and Jasper Whiting Foundation, "Support for travel during sabbatical leave," 1986.

National Science Foundation, "Enhancing Taxonomic Expertise in Filamentous Ascomycetes," 1995–2000.

National Science Foundation, "Support for Harvard University Herbaria Service Activities," 1996–1999.

National Science Foundation, "Plant and fungal diversity of western Sichuan and eastern Xizang, China," 1997–2000 (co-PI with Michael Donoghue).

National Science Foundation, "Compactorization and Reorganization of a Portion of the Farlow Herbarium, Harvard University," 1997–2000.

National Science Foundation, "Phylogenetics in the Pezizales, the Pyronemataceae."

2002–2006.

- David Rockefeller Center for Latin American Studies, Fungi of southern Chile, 2007– 2008.
- National Science Foundation, “Collaborative proposal: Harnessing the Power of Herbaria to Understand the Changing Flora of California: A biodiversity Hotspot.” 2010– 2015.
- National Science Foundation, “Digization TCN: Collaborative Research: North American Lichens and Bryophytes: Sensitive Indicators of Environmental Quality and Change.” 2011–2015
- California Academy of Sciences (subcontract), “Flora of the Metropolitan Park.” 2010– 2014.
- National Science Foundation, “Digitization TCN: Collaborative: The Macrofungi Collection Consortium: Unlocking a Biodiversity Resource for Understanding Biotic Interactions, Nutrient Cycling and Human Affairs.” 2012–2015.
- National Science Foundation, “Collaborative Research: Digitization TCN: The Macroalgal Herbarium Consortium: Accessing 150 Years of Specimen Data to Understand Changes in the Marine/Aquatic Environment.” 2013–2016.
- Andrew W. Mellon Foundation, “Proposal for continued support for the Global Plants Initiative, Harvard University Herbaria.” 2012–2014.
- Andrew W. Mellon Foundation, “Proposal for continued support for the Global Plants Initiative, Harvard University Herbaria.” 2013–2016.
- Andrew W. Mellon Foundation, “Harvard University Herbaria Field Notes Collections, Global Plants Initiative.” 2013–2016.
- National Science Foundation, “Digitization TCN: Collaborative: The Microfungi Collections Consortium: A Networked Approach to Digitizing Small Fungi with Large Impacts on the Function and Health of Ecosystems.” 2015–2018.

General lectures:

- Various lectures and talks at the Boston Mycological Club, 1975 to present.
- Roland Thaxter and Celia Thaxter, Whittier House Museum, 8 June 2003.
- Fungi and interactions with plants. New England Landscape Association, Tower Hill Botanical Garden, 10 December 2003.
- Fungi and organismal diversity. Harvard Museum of Natural History, Public Lecture Series, March 2004.
- Research on cup-fungi North Carolina State, Department of Plant Pathology, 26 April 2004.
Part of their departmental Seminar series.
- Fungi and diversity, how we look at the world. Harvard University Graduate School Alumni Seminar, April 16 2005.
- The biology of interactions—fungi people and plants. Connecticut Valley Mycological Society, 18 March 2006.
- Miami University Botany Department Centennial Symposium, 22 April 2006. Harvard University Museum of Science and Culture, Mummies, Mildews, Manna, and Mosses: Four Kingdoms under One Roof. 13 November 2014.

National Collegiate Research Conference. Natural history as a window into diversity studies. 24 January 2015.
